THE IMPACT ON MY SUCCESS**

"When selecting my business school, EDHEC was the obvious choice: not only for its excellent reputation and strong Alumni network, but also because I wanted to benefit from its international outlook and efficient Career Centre - a truly amazing experience. The expert, personalised interview support I received helped me to secure my position as Financial Analyst with Deloitte Consulting. Now I have an exciting financial future ahead of me helping Fintechs to expand or developing bank strategies - all in a fast-changing environment. My time at EDHEC has equipped me with the skills to carry out these projects and much, much more!"
